

Women's Showcase

A NEW PERSPECTIVE ON TODAY'S WOMAN™

Important Information For Any Exhibitor Providing Food Samples Or Selling Food Items

Food Guidelines:

- All Food exhibitors should contact the Fargodome office at (701) 241-9100 to ensure their product meets Fargodome specifications.
- All Food exhibitors planning to give away samples must provide our office with the following information by October 2, 2009:
 - ✓ Type of samples to be given away
 - ✓ Size of sample
 - ✓ Contact person for the day of the event (The Fargodome needs this information)
- Exhibitors must provide SAMPLE SIZE PORTIONS ONLY.
- On-site food sales are allowed provided the product is packaged for gift or take-home purchases, not personal consumption while at the Fargodome.
- If you would like to SELL food products that are available for personal consumption while at the Fargodome, there is a space available in a specified area. If you are interested in this option, please call Marketing Events Coordinator at (701) 241-5419.
- All food vendors must be a health-inspected, licensed producer. The City of Fargo Health Department will accept licenses from another location but they will be checking each booth for health safety. The producers recommend that you bring a copy of your health license for the City's review.
- Any issues arising from health department inspections are between the food vendors and the City of Fargo Health Department. The producer of the event is not responsible or liable for any health code violations. If you have any questions about licensing, please contact the City of Fargo Health Department.
- No vending of soda will be allowed by food vendors. No bottled water may be given away by vendors to attendees.
